

Transvideo International has been selling and maintaining Transvideo equipment in North & South America for almost 20 years. **Transvideo International** has won Best Professional Video Equipment for 10 years in a row (2007 – 2017) and is now in the **Business Hall of Fame**.

**Customer satisfaction** is Transvideo International number one priority.

After 25 years of experience with professional Film & Video equipment, our knowledge and experience are at your service.

We can guide you through Transvideo extensive line of equipment and options to help you put together the package you want. We also design custom solutions around Transvideo off-the-shelf equipment such as multi-camera wireless monitoring systems, custom handheld solutions etc...

We provide comprehensive pricing including freight and insurance so that you can budget accurately and protect your purchase.

We carry the most extensive stock of Transvideo equipment in America, allowing us to ship on short notice (most orders received by 2pm ship same day). After your order is shipped we will send you the tracking information and follow its progress. We will contact you if there is any abnormality during transit.

We accommodate most forms of payment: checks in USD, bank transfer, Paypal & Major credit cards.

We understand your Transvideo equipment is a work tool as well as an investment. In the rare event of a breakdown, we minimize your equipment downtime by turning it around promptly: most repairs are completed within 48 hrs.

**Transvideo** awards in North America include the prestigious **Academy of Motion Pictures Award**. Transvideo are the only monitors to ever receive such recognition by the Academy of Motion Pictures Arts & Science.
